

INDEX TO VOLUME LXI

A

- Abdomen, Perforating Gunshot Wounds of the, 694.
- Abdominal Operations, by Sir Buckley Moynihan, Review of, 765; Surgery, Review of, 512.
- Adenoma of Breast, Calcified Fibro, 127.
- Adhesions in Peritoneal Cavity, Post-operative Prevention of, 297, 365.
- ALEXANDER, EMORY G.: Rupture of the Biceps Flexor Cubiti, 608.
- Alum Cream, 124.
- Amputation, Aperiosteal, Through Femur, 246; of Leg, Usefulness of Ventral Decubitus in Some, 616.
- Anæsthesia, Inhalation, Influence of, on Acidity of Blood, 6; in Operations upon the Lung, 103.
- Anastomosis, Lateral, of Blood-vessels, 597; Uretero-enteric, 273.
- Aneurism, Arteriovenous, of Femoral Vessels, 367; Operation for the Cure of, 597.
- Aneurisms, Subclavian, Ligature of Innominate Artery for, 641.
- Angioneurotic Œdema, Intestinal, Surgical Significance of, 324.
- Animal Experimentation and Medical Progress, Review of Keen on, 763.
- Anoci-Association, by Crile and Lower, Review of, 123.
- Appendicitis, Complicated by Pylephlebitis, 589; Its Relation to Cholecystitis, 511.
- Appendicular Obliteration, 438, 511.
- Appendix, with Cæcum, in Sac of Strangulated Inguinal Hernia, 381; Perforated by Fish Bone in Sac of Strangulated Hernia, 356; in Sac of Strangulated Femoral Hernia, 355; Vermiform, Cystic Dilatation of the, 582.

- Arterial Ligation for Exophthalmic Goitre, 500; Thrombosis and Embolism, Operative Treatment of, 519.
- Artery, Innominate, Ligature of the, for Subclavian Aneurisms, 641.
- ASHHURST, A. P. C.: Carcinoma of the Floor of Mouth, 637; Surgical Anatomy of the Upper and Lower Poles of the Thyroid Gland, 365.
- Auditory Nerve, Fibrosarcoma of the, Extirpation of, 100.

B

- BABLER, EDMUND A.: Pylephlebitis Complicating Appendicitis, 589.
- BAINBRIDGE on the Cancer Problem, Review of, 378.
- BALFOUR, DONALD C.: Tonsillectomy in Children, 257.
- BARBER, W. H.: Uretero-enteric Anastomosis, 273.
- BARRIE, GEORGE: Cancellous Bone Lesions, 129.
- BECK-JIANU: Œsophagoplasty, 480.
- BEEKMAN, FENWICK: Occlusion of Pylorus, 423.
- BEER, EDWIN: Congenital Deformity of Large Bowel, 116; End Result of High Frequency Cauterization of Vesical Papilloma, 750; Fecal Fistula: New Method of Closure, 110; Nephrolithiasis with Perinephric Abscess, 111; Papillomatosis of the Bladder, 109; Transperitoneal Resection of Bladder for Carcinoma, 752; Treatment of Benign Papillomata of Urinary Bladder with High Frequency Current, 735; X-ray Pictures of Diverticulum of the Œsophagus, 363.
- BENNER, H. O.: Red Stippling Sign of Gastric and Duodenal Ulcer, 380.

INDEX

- BERNHEIM, BERTRAM M.: Blood-vessel Clamps, 96.
- Biceps Flexor Cubiti, Rupture of the, 608, 638.
- Bladder, Atony of, and Prostatic Obstruction, 276; Papillomatosis of, Carcinoma in Suprapubic Scar, 109; Urinary, Transperitoneal Resection of, for Carcinoma, 752; Urinary, Treatment of Benign Papillomata of the, with High Frequency Current, 735, 750.
- Blastomycosis, 513.
- Blood, Acidity of, Influence of Inhalation Anæsthesia on, 6; Protective Ferments of, for Transplantation of Organs, Abderhalden Method, 149.
- Blood-vessel Clamps, 96.
- Blood-vessels, Lateral Anastomosis of, 597.
- BOGART, ARTHUR H.: Surgical Significance of Intestinal Angioneurotic Edema, 324.
- Bone and Cartilage Tumors, Multiple, Congenital, 142; Grafts, Autogenous, versus Lane's Plates, 717; Lesions, Cancellous, 129; Transplantation, 672; Work, Lead Protector for Use in, 768.
- Bones, Transplantation of Entire, with Their Joint Surfaces, 658, 757.
- BOOKMAN, MILTON R.: Occult Strangulated Inguinal Hernia, Spontaneous Reduction "En Masse," 730.
- Boston City Hospital, Statistics of Gall-stones Treated at, 535.
- Bowel, Large, Diverticulitis of the, 343.
- BOWEN, DAVID R.: Bullet Localizer, 376.
- Brain, Endothelioma of the, Condition Three Years After Operation, 106; Surgery, 17, 101, 107.
- Breast, Adenofibroma of, Beginning Carcinoma, 351; Calcified Fibroadenoma of, 127; Myxoma of the, 126; Tumors of, Difficulties in Clinical Diagnosis of, 353.
- BRENIZER, ADDISON G.: Keloid Formation in the Negro, 83.
- BREWER, GEORGE E.: Occlusion of the Pylorus, 489; Röntgenologic Diagnosis of Surgical Lesions of the Stomach and Duodenum, 55; Treatment of Tuberculous Ureter, 473.
- Bronchiectasis, Extirpation of Right Lower Lobe of Lung for, 103; from Foreign Body in Lung, 254; Resection of Lung for, 114.
- Bronchoscopy in Cases of Bronchiectasis, 104.
- Bullet Localizer, 376.
- BURNHAM, A. CAMPBELL: Fracture of the Pelvis, 703.
- ## C
- Calcaneum, Fracture of the, with Fracture of Processus Posticus Tali, 372.
- Calculi, Intestinal, Formed Around Suture Thread, 332.
- Cancer of the Rectum, Major Procedure First in the Two-Stage Operation for Relief of, 446.
- Cancer Problem, The, 1; by William Seaman Bainbridge, Review of, 378.
- Carcinoma of Oesophagus, Operative Treatment of, 385.
- CARMAN, R. D.: Diverticulitis of the Large Bowel, 343; Multiple Congenital Osteochondromata, 142.
- CARNETT, J. D.: Fracture of Condyle of Lower Jaw, 505; Typhoid Spine, 456.
- CARROLL, ALBERT H.: Activity of the Pylorus Following Gastro-enterostomy, 567.
- CASTLE, OTTO L.: Cystic Dilation of the Vermiform Appendix, 582.
- Cerebellar Syphilis, Simulating Abscess, 97.
- Cerebral Surgery, 17, 107.
- CHANEY, R. H.: Prevention of Post-operative Adhesions in the Peritoneal Cavity, 297, 365.
- Children, Surgical Diseases of, Review of Kelly on, 118.
- Cholecystectomy, Technic of, 306.

INDEX

- CHOYCE AND BEATTIE: A System of Surgery, Review of, 122.
- CHURCHMAN, JOHN W.: Double Internal Jugular Vein, 235.
- COFFEY, ROBERT C.: The Major Procedure First in the Two-Stage Operation for Relief of Cancer of the Rectum, 446.
- COLE, LEWIS GREGORY: Röntgenologic Diagnosis of Surgical Lesions of the Stomach and Duodenum, 55.
- COLEY, WILLIAM B.: Cancer of Testis, 634; Enchondroma of the Tibia, 635; Lymphosarcoma Treated by Mixed Toxins, 495.
- Colocolostomy, 176.
- Colon, Developmental Reconstruction of the, 166; Non-rotation of the, 111; Stasis, Clinical Aspects of, 334.
- CONNORS, JOHN F.: Strangulated Inguinal Hernia Containing Cæcum and Appendix, 381.
- COOK on Diseases of the Rectum and Anus, Review of, 377.
- Craniotomy, Technic of, 107.
- CRILE, GEORGE W.: Influence of Inhalation Anæsthesia on Acidity of Blood, 6.
- CRILE AND LOWER: Anoci-association, Review of Treatise on, 123.
- Cyst of Median Nerve, 761.
- Cystadenomata, Multilocular, of Retroperitoneal Origin, 312.

D

- DAVIS, BENJAMIN F.: Hemorrhagic Erosions of the Oesophagus, 261.
- DAVIS, GWILYM G.: Arteriovenous Aneurism, 370; Introduction of Catheter Through Ruptured Urethra, 240; Transplantation of Entire Bone, 757.
- DAVIS, JOHN STAIGE: Osteogenic Power of Periosteum, 672.
- DAWBARN, ROBERT H. M.: Alum Cream, 124; Lung Abscess from Inhalation of Tooth, 255; Technic of Amputation of Thigh, 247; Technic of Operation for Preservation of Iliohypogastric Nerve in Operation for Inguinal Hernia, 250.
- DEAVER, JOHN B.: Mortality Statistics of Two Hundred and Seventy-Six Cases of Acute Intestinal Obstruction, 198; Relation of Appendicitis to Cholecystitis, 511.
- DELATOUR, H. BEECKMAN: Persistent Embryonal Type of Large Intestine, 73.
- DERBY, RICHARD: Gunshot Injuries of Spinal Cord, 686.
- DESPARD, D. L.: Inguinal Lymphoma, 754.
- Diverticulitis of Large Bowel, 343.
- Diverticulum of the Oesophagus, Complicated by Abscess of the Lungs, 360.
- DOUGLAS, JOHN: Dislocation of Semilunar Bone, 472; Surgical Treatment of Gastrocoloptosis, 545.
- DOWD, CHARLES N.: Mesenteric Cyst, 481; Preservation of the Iliohypogastric Nerve in Operation for Cure of Inguinal Hernia, 204; Relation of Nerve Distribution to Inguinal Hernia, 483; Septic Meningitis, 482.
- DOWNES, WILLIAM A.: Cases of Recurrent Hernia After Operation, 252; Gall-stone Ileus, 243; Gastrop-tosis with Persistent Vomiting, 477; Nephrectomy for Adenoma of the Kidney, 750; Non-rotation of Colon, 111; Operation for Ulcer of the Stomach, 747; Pancreatic Cyst, 487; Preliminary Ligation of External Carotid in Operations upon the Jaws, 355; Resection of the Sigmoid for Gangrene, 747; Strangulated Femoral Hernia; Sac Containing Appendix, 355; Surgical Treatment of Gastrocoloptosis, 633.
- DRAPER, JOHN WILLIAM: Developmental Reconstruction of the Colon Based on Surgical Physiology, 166.
- Duodenal and Gastric Ulcer, 406; Operation for, 481; Retroperitoneal Perforation of, 414.
- Duodenotomy in Common Duct Stone, 180.

INDEX

E

- EASTMAN, JOSEPH R.: Clinical Aspects of Colon Stasis, 334.
 Echinococcus Cyst of Liver, 241.
 Eggshell Fracture of Head of Metatarsal, 371.
 ELIOT, ELLSWORTH: An Unusual Case of Hydronephrosis, 474; Intussusception in a Child, 476; Nephrolithiasis, 475.
 ELSBERG, CHARLES A.: Extramedullary Spinal Tumor, 245; Spastic Paraplegia Due to Abnormality of the Posterior Spinal Vessels, 244; Technic of Craniotomy, 107.
 ELY, LEONARD W.: Joint Mouse, 80.
 Embolism and Thrombosis, Arterial, Operative Treatment of, 519.
 Embryonal Type of Large Intestine, Persistent, 73, 116.
 Empyema, Recovery from, 637.
 Encephalocystocele, the Study of, 10.
 Endothelioma of Brain, 106.
 Epiphyses, Disjunction of Metacarpals, 374.
 Epiphysis, Extra, of Metacarpal, 374; Lower, of Femur, Separation of, 99.
 Exostosis, Subscapular, 619.

F

- FARR, R. E.: Lead Protector for Use in Bone Work, 768.
 Fecal Fistula, Method of Closure, 110.
 Femoral Artery and Vein, Arteriovenous Aneurism of the, 367.
 Femur, Internal Condyle of, Fracture of, 79; Separation of Lower Epiphysis, 99.
 Femurs, Simultaneous Fracture of Both, 715.
 FINOCHIETTO, RICARDO: Usefulness of Ventral Decubitus in Some Leg Amputations, 616.
 FISHER, A. O.: Multiple Congenital Osteochondromata, 142.
 Fixation of Simple Fractures, 88.
 FOOTE, EDWARD M.: Skin Grafting for the Removal of Tattoo Marks, 497.
 Foreign Body in Lung Producing Bronchiectasis, 254.
 Fracture, of Base of Fifth Metacarpal, 375; Complete, of Lower Third of Radius, in Childhood, With Greenstick Fracture of Ulna, 209; of Both Femurs, Simultaneous, 715; of the Head of Humerus, 744; of Lower Extremity of Radius, Longitudinal, 373; of the Pelvis, 703; of the Processus Posticus Tali, with Fracture of Calcaneum, 372.
 Fractures, Simple, Fixation of, 88.
 FRAZIER, CHARLES H.: Anæsthesia in Cases of Intestinal Obstruction, 238.
 FREEMAN, LEONARD: Prevention of Keloids in Scars, 605.

G

- Gall-bladder, Papilloma of the, 725.
 GALLIE, W. E.: Tendon Fixation for Deformity Resulting from Partial Paralysis, 94.
 Gall-stone in Common Bile Duct, Duodenotomy for, 180.
 Gall-stones, 535; Reformation of, after Operation, 226.
 Gastrectomy for Carcinoma, 627.
 Gastric and Duodenal Ulcer, 406; Red Stippling Sign of, 380.
 Gastrocoloptosis, Surgical Treatment of, 545, 633.
 Gastro-enterostomy, Rôle of, in Treatment of Ulcers, 557; Clamp, the "Tongue Depressor," 604.
 Gastrohepatic Omentum, Rupture of the, 631.
 Gastroptosis with Persistent Vomiting, 477; Treated by Gastro-enterostomy, 630.
 Gastrostomy and Esophagoplasty, 480.
 GERSTER, ARPAD G.: Appendix, Perforated by Fish Bone, in Sac of Hernia, 356; Tumor of the Upper Jaw, 354.
 GIBBON, JOHN H.: Management in Cases of Intestinal Obstruction, 238; Relation of Appendicitis to Cholecystitis, 511.
 GIBSON, CHARLES L.: Occlusion of

INDEX

- Pylorus, 423; "Tongue-Depressor" Gastro-enterostomy Clamp, 604.
- GIFFORD, HERBERT: The Oblique Extensor Radial Ridge, 126.
- GILL, A. BRUCE: Post-operative Intra-peritoneal Adhesions, 366; Transplantation of Entire Bones with Their Joint Surfaces, 658, 757.
- GINSBURG, NATHANIEL: Recovery from Empyema, 637; Sarcoma of the Tonsil Treated with Radium, 364; Sarcoma of Tonsils, 237; Surgical Anatomy of the Thyroid Gland, 268, 365.
- Goitre, Exophthalmic, Arterial Ligation for, 500.
- GOODMAN, CHARLES: Protective Ferments of Blood after Transplantations of Organs, 149.
- GREEN, N. W.: Results of Experimental Resection of the Oesophagus, 359; Rupture of the Gastrohepatic Omentum, 631; Treatment of Bronchus in Operations for Bronchiectasis, 104.
- GUERRY, LeGRAND: Perforating Gunshot Wounds of the Abdomen, 694.
- Gunshot Injuries of Spinal Cord, 686; Wounds of Abdomen, Perforating, 694.
- ### H
- HARTWELL, JOHN A.: Gastrectomy for Carcinoma, 627; Operation for Ulcer of the Stomach, 747; Pachymeningitis Hemorrhagica Interna, 628; Syphilitic Lesion Simulating Cerebellar Abscess, 97; Torsion Within the Lesser Omentum, 626.
- Hemorrhagic Erosions of the Oesophagus, 261.
- Hernia, Inguinal, Preservation of the Iliohypogastric Nerve, in Operation for Cure of, 204, 248; Occult Strangulated Inguinal, Spontaneous Reduction "En Masse," 730; Strangulated Femoral, with Appendix in Sac, 355; Strangulated Inguinal, Containing Cæcum and Appendix, 381; Umbilical, Pathogenesis of, 570.
- HITZROT, J. M.: Bone Cyst of Humerus Shaft, 742; Fracture of the Head of the Humerus, 744; Fracture of Lower End of Radius with Anterior Displacement of Lower Fragment, 740; Operation for Ulcer of the Stomach, 747.
- HODGE, EDWARD B.: Arteriovenous Aneurism of the Femoral Artery and Vein, 367; Mowing Machine Cut of Legs, 237.
- HORSLEY, J. SHELTON: Method of Lateral Anastomosis of Blood-vessels and of Operation for the Cure of Arteriovenous Aneurism, 597.
- HOWARD on the Practice of Surgery, Review of, 120.
- HUBBARD, J. C.: Gall-stones, 535.
- Humerus, Fracture of the Head of the, 744; Pathological Fracture of, Due to Bone Cyst, 742.
- HUNNICUTT, JOHN A.: Osteogenic Power of Periosteum, 672.
- HUNTINGTON, THOMAS W.: Calcified Fibro-adenoma of Breast, 127.
- Hydronephrosis, Unusual Case of, 474.
- ### I
- Ileus, from Gall-stones, 242.
- Iliac Spasm Causing Intestinal Obstruction, 113.
- Iliohypogastric Nerve, Preservation of, in Operation for Cure of Inguinal Hernia, 204, 248.
- Inguinal Hernia, Relation of Nerve Distribution to, 483; Lymphoma, 754.
- Innominate Artery, Ligature of the, for Subclavian Aneurism, 641.
- Intercarotid Body, Endothelioma of the, 382.
- Intestinal Angioneurotic Oedema, Surgical Significance of, 324; Obstruction, Acute, Mortality Statistics of Two Hundred and Seventy-Six Cases, 198, 238.
- Intestine, Bilateral Exclusion and Occlusion, 497; Large, Persistent Embryonal Type of, 73, 116.

INDEX

- Intracranial Hemorrhage, Osteoplastic Resection of Skull for, 101.
 Intussusception in a Child, 476.
 IRWIN, H. C.: Papilloma of the Gall-bladder, 725.
 IVY, ROBERT H.: Fracture of Condylod Process of Mandible, 502.

J

- Jacksonian Epilepsy, Due to Shot Wound, Relieved by Craniotomy, 101.
 Jaw, Lower, Bone Graft for Osteomyelitic Defect of, 623; Upper, Melanosarcoma of the, 491; Pigmented Odontoma of the, 353.
 Jejunostomy for Inoperable Ulcer of the Stomach, 496.
 Jejunum, Subcutaneous Rupture of the, 487.
 Joint Mouse, 80.
 JOPSON, JOHN H.: Operation for Old Fracture of the Patella, 754; Rupture of the Biceps Flexor Cubiti, 638.
 JUDD, EDWARD S.: Technic of Cholecystectomy, 306.
 Jugular Vein, Internal Double, 235.

K

- KAMMERER, FREDERIC: Bilateral Exclusion and Occlusion of the Intestine, 497; Difficulties in Clinical Diagnosis of Mammary Tumors, 353; Gastroenterostomy for Gastropnoxis, 630; Occlusion of the Pylorus, 490; Operation for Bronchiectasis, 254; Operation for Diverticulum of the Esophagus, 362; Operation for Ulcer of the Stomach, 747; Operative Treatment of Carcinoma of the Esophagus, 359; Result of Operation for Adenoma of the Kidney, 750.
 KEEN on Animal Experimentation and Medical Progress, Review of, 763.
 KELLY on Surgical Diseases of Children, Review of, 118.
 Keloid Formation in the Negro, 83.
 Keloids, in Scars, Prevention of, 605.
 KENYON, JAMES H.: Endothelioma of

- the Brain Three Years After Operation, 106; Observations on Cerebral Surgery, 17.
 Kidney, Fetal Adenoma of the, 749; Stone in, with Perinephric Abscess, 111.
 KIMPTON, A. R.: Gall-stones, 535.
 Knee-joint, Loose Body in, 80.

L

- Laryngeal Diverticula, 41.
 LEE, BURTON J.: Pancreatic Cyst, 485; Subcutaneous Rupture of the Jejunum, 487.
 Leg Amputations, Usefulness of Ventral Decubitus in Some, 616; Mowing Machine Cut of, 237.
 LE WALD, LEON T.: Radiographic Plates of Non-rotation of the Colon, 112; Radiographs Showing Persistent Embryonal Type of Large Intestine, 116.
 LEWIS, BRANSFORD: Prostatic Obstruction and Vesical Atony, 276.
 LEWIS, DEAN: Laryngeal Diverticula, 41.
 LILIENTHAL, HOWARD: Cases of Two-stage Pylorotomy for Ulcer, 479; Extirpation of the Right Lower Pulmonary Lobe for Septic Bronchiectasis, 103; Inoperable Ulcer of the Stomach, Jejunostomy, 496; Strangulated Congenital Hernia, with Appendix in Sac, 356; Technic of Craniotomy, 108.
 Liver, Echinococcus Cyst of the, 241.
 LOBINGIER, ANDREW STEWART: Colocolostomy, 176.
 Lung Abscess, Complicated by Diverticulum of the Esophagus, 360; Extirpation of Right Lower Lobe, for Septic Bronchiectasis, 103; Resection of, for Bronchiectasis, 114.
 LUSK, WILLIAM C.: Technic of Operation for Recurrent Hernia, 253.
 LYLE, H. H. M.: Aperiosteal Amputation Through the Femur, 246; Ptosis of Pylorus after Gastroenterostomy, 490.

INDEX

- Lymphatic Drainage of the Peritoneal Sac, 291.
- Lymphoma, Inguinal, 754.
- Lymphosarcoma, Treated by Mixed Toxins, 495.
- LYNCH on Diseases of the Rectum and Colon, Review of, 377.
- LYNCH, JEROME MORLEY: Developmental Reconstruction of the Colon Based on Surgical Physiology, 166.

M
